smarter security today

BQT Solutions is a specialist manufacturer of access control, biometric and smart card technology.

The BQT name has long been associated with the high security marketplace and boasts a global client list encompassing military installations, major international airports, government departments, major corporations, hotels, retail and commercial customers.

BQT solutions now offer a complete range of medium to high level security solutions to all sectors of the marketplace through its MiniGuard Range of security smart card readers.

All BQT manufactured products are designed and developed in Australia to high quality and reliability standards by experts in Smart Card and Biometrics technology. BQT Solutions is wholly owned by 4C Security Solutions Limited, a company listed on the Australian Stock Exchange.
