All the functionalities your office needs in one compact device.

The Ricoh SP 112 Series are slim, attractive and compact printer & multifunctional. Its small footprint takes up minimal office space, while its quiet, fan-less operation won't disturb the peace of a home/small office. The SP 112 Series feature a quick first print speed and USB compatibility, providing high-resolution, professional output at 16 pages per minute, enabling you to produce consistently top-quality documents. Designed to be a pleasure to use, its full front access simplifies paper handling and cartridge replacement. Along with printer, copier, scanner^{*1} and fax^{*2} functions, RICOH SP 112SU & SP 112SF offer the high reliability and user-friendliness you expect from Ricoh. These devices will turn out immaculate, professional-looking documents.

^{*1} RICOH SP 112SU & SP 112SF only

^{*2} RICOH SP 112SF only

Ricoh's most compact & affordable black & white printers

Small in size. Big in duty

The SP 112 Series bear its professional talent for perfect quality printing on smallest space. Each model delivers up to 10,000 sheets monthly duty cycle which you can count on for long-term performance.

High-quality printing, copying and colour scanning (SP 112SU & SP 112SF)

Besides fast first print speed and high-quality professional output, the multi function is also equipped with full colour scanner, delivering 600 x 600 dpi resolution that scans documents directly to your PC or email in hi-res colour.

Advanced fax capability (SP 112SF)

Printing, scanning, copying, faxing. Whatever you wish to do, the SP 112 Series multifunction is ready for the job. Organize and communicate for your daily business needs with flawless quality.

Easy & quiet operation

The SP 112 Series come without a built-in fan. No hot air, no noise – simply the perfect solution for desktop use. It comes with full front access that eases replacement of the economical cartridge and automatic paper jam removal function that minimizes downtime.

Environmentally friendly

Ricoh products are designed to be environmentally-friendly at every stage of their life. The quick start-up technology results in optimized use of the energy saver mode, resulting in low power consumption and clean operation.
