ABOUT US

ASIASTAR, a company that has its roots 12 years ago is bound to have passion in furniture industry. From design, through fulfilment, Asiastar continuously strives to provide you, our customer, with the best values, selection and service in the furniture industry.

At Asiastar we stand behind our products and want to make sure our customers experience has been exceptionally positive by offering a unique combination of stylish products and special customer policies. With Asiastar, furnishing your office or home has never been easier. A long term relationship has been established by constantly providing quality, by giving additional value to the customers, which goes beyond merely a good price.

At Asiastar, we assure our clients that they are getting the scope of work paid for, on time and on budget. Our professional staff provide our clients with range of desired material at a reasonable cost. We are focus on meeting our client's needs, regardless of the project volume. We employ an aggressive approach. With extensive connections in directly procuring raw material, the presence of middleman and other associated costs are eliminated, paving the way for lower overheads and operating costs, resulting in super savings for our customers.

Asiastar has built reputation on assessing the important issues of any given project taking into account of clients' business environment and aesthetics. Our project management approach consists of involvement and flexibility. We associate ourselves closely with our clients' needs, in order to structure interiors that will result in a successful project for them.

Over the years, Asiastar working closely with its vendors, distributors and interior consultants has accumulated a diverse portfolio of exceptional project ranging from government offices, universities, hotels, newly-built and corporate offices.
