WHY EVENTUS ?

EVENTUS is a **fast-acting synthetic pyrethroid insecticide** with contact and stomach action. It kills insects such as mosquito, cockroach & fly that eat or come into contact with it.

EVENTUS is a **water-based insecticide** as it consists of crystalline particles suspended in water. Suitable for use in domestic and public area such as hotel, office, factory and restaurant.

EVENTUS can be **used on the surfaces** where the insects land, such as glass, cement and wood surfaces.

EVENTUS is a **broad-spectrum pest control**.

DIRECTIONS FOR USE :

AREA	PEST	USAGE RATE/10 LITRE WATER	REMARKS
Hotel, Office, Factory, Restaurant	Cockroach (<i>Blatella germanica</i>) Flies (<i>Musca domestica</i>)	266 ml	Spray 1 litre of solution for every 20m ² surface treatments. Spray at the area particularly where insects are most likely to come into contact.
	Mosquito (<i>Aedes aegypti</i> , <i>Aedes albopictus</i> , <i>Anopheles</i> sp., <i>Culex</i> sp.)	350 ml	
	Larvae (<i>Aedes aegypti</i> , <i>Aedes albopictus</i> , <i>Anopheles</i> sp., <i>Culex</i> sp.)	350 ml	Spray 1 litre of solution for every 20m ² surface treatments. Spray at the mosquito breeding site such as flower vase and used tires.

Before using our products read and carefully observe the instructions, warnings, statements, and other information appearing on the product label.
