

- 1 $\frac{1}{8}$ " Suction Line
- 350mm Axial fan
- Liquid Line with TXV
- Aluminium Freezing Plate

- Service door
- Aluminium Freezing Plate
- 350mm Axial fan x 2 units
- Stainless Steel Handle
- Hot-dipped Galvanize Steel Stand

- Hinges
- Service door
- 0.7mm Stainless Steel Sheet
- Hot-dipped Galvanize Steel Stand

- Special shaped aluminium-alloy panel evaporator with a large area of heat exchange and high efficiency.
- Stainless steel casing and polyurethane insulation.
- Used to quick freeze in spread field like aquatic product, fruits, vegetable, wheaten food, cut meat, etc.

SIDE ELEVATION

Specification

Model : FRW-720PF		
Door	Two Swing Door & one Service Door	
Plate	Aluminium Alloy Extruded Plate	
Freezing Capacity		
Number of Plate		
Freezing Plate Size	2385 x 508mm (94" x 20")	
Tier Pitch	165mm (6 $\frac{1}{2}$ ")	
Insulation	100mm (4") Polyurethane	
Temperature	- 30 C	
Fan (Axial fan)	350mm x 2 units	
Freezing Time		
Condensing Unit	1 unit 15 H.P.	
Refrigerant	R 507	
Dimension	3200 x 736 x 2337mm H(126"x29"x92"H)
