

HBR LED High Bay Retrofit

Features:

- Direct lamp replacement solution without changing the fixture or gear
- High energy efficiency with directional light
- Instant upgrade and easy to install - less time consuming and safer working at height
- Low initial investment
- Long lifetime 40,000hrs for operation efficiency

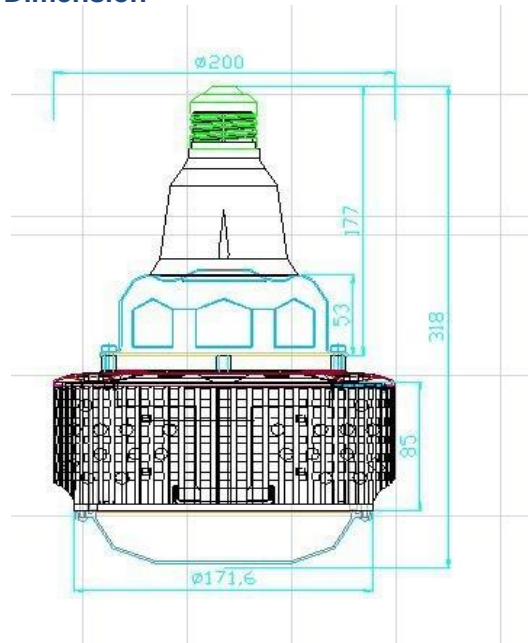

Specifications

Efficiency	128Lm/W
Input Voltage	AC 180~240V
PF	>0.95
LED	SAMSUNG SMD3030
Driver	In-House
Compliance	CE, RoHS
CCT	3000K / 4000K / 6000K
CRI	>82Ra
Beam Angle	120°
Rated Life	40,000Hrs
IP	-
Operating Temperature	-30°C ~ +45°C
Material	Plastic & Aluminium
Warranty	1 Year

Applications:

Ideal for indoor application such as factories, warehouses, distribution centres, hyper markets, shopping malls and others.

Dimension

Model	Power	Lumen	Dimension	Weight
VSL-HBR-150	150W	19.220lm	Ø200x318mm	2kg
