

ABOUT THE COMPANY

Artco Trading is a family business that started its operation since year 2010. Artco Trading located at Taiping Perak becomes first choice when it comes to house renovation such as internal interior, external interior, kitchen cabinet, wallpaper installation, construction works, vinyl flooring, tiling and window blinds installation.

In Taiping Perak, Artco have company that is Artco Renovation & Construction and Artco

Interior Design. Artco also have branch at Kuala Kangsar, Perak that is Art Kitchen & Sanitary. Besides that, Artco also have branches at Kedah that is Artco Interior Design in Jitra and Artco Hias Enterprise in Alor Setar.

Other than that, customer can also find Artco's booth in every major home expo or exhibitions where we keep ourselves exposed to more clients and new products. We also setup booths in shopping malls for small promotions almost once every 2 months.

OUR STRENGTH

Providing top-notch quality interior design has always been our strength to capture the heart of our customers.

OUR MISSION

By bringing styles to your home, we make sure all your requirements are fulfilled within the shortest timeline. When quality and time are concerned, you will be surprised by how fast we deliver our work, that's how we define "professional" in bringing you a sweet home.

OUR VISSION

We aim to be the most innovative and customer oriented design firm that is able to interpret and translate a client's vision into design expressions that are both distinctive and practical

PANEL SAW

“Good machine for a good quality of workmanship”. Our company used panel processing machine for good quality of manufacturing. These machines are complete with an HMI interface featuring highly flexible cut functions.

Machinery features

- ***Floating Pneumatic Clamps***
The material is clamped with independent floating work piece clamps to compensate for tension in the panel stacks and to ensure no pressure points on rollers or tables.
- ***Round Rod Guide ways***
The saw Carriage travels along a single rail which effectively reduces inertia and ensures smooth and accurate travel.

ABS EDGING BANDING MACHINE

We use ABS Banding Machine's are to make a perfect finishing of PVC and ABS edges, after trimming unit working. When using the flat edge of the tools, the unit can also work as Glue –Scraper.

This machine contains equipment such as two knives with profile matching the multi-function unit. The specific equipment function is to removal of residual adhesive from the point of juncture between edge and panel.

In addition, this machine is used to cover the exposed sides of materials such as plywood, particle board or MDF, increasing durability and giving the appearance of a solid or more valuable material.
